INTERNAL RISK FACTORS:

The below mentioned risks are top 10 risk factors as per the RHP.

1. Our business is dependent on the sale of our products to certain key customers. The loss of any such customers or a significant reduction in the sales made to such customers, could materially adversely affect our business, results of operations and financial condition.
2. Pricing pressure from customers may adversely affect our gross margin, profitability and ability to increase our prices, which may in turn materially adversely affect our results of operations and financial condition.
3. We generally do not enter into any firm supply agreements with our customers. If our customers choose not to source their requirements from us, our business and results of operations may be materially adversely affected.
4. We are planning to expand our operations at survey no. 419 & 420, khata no. 466 Ganpatpura, taluka Karjan, Vadodara, Gujarat. We may face business or financial challenges which may adversely affect our profitability and results of operations.
5. Economic cyclicality coupled with reduced demand in the power distribution sector, may materially adversely affect our business, results of operations and financial condition.
6. Our failure to identify evolving industry trends and technologies and to develop new products to meet our customers' demands may materially adversely affect our business and results of operations.
7. We have not placed orders for the construction of the factory shed, office building and purchase of plant and machinery for which part of the funds are being raised through the Issue.
8. A decline in the financial condition of our customers or suppliers could have a material adverse effect on our business and results of operations.
9. We are subject to strict quality requirements and any product defect issues or failure by us to comply with quality standards may lead to the cancellation of existing and future orders, recalls or warranty and liability claims.
10. We are dependent on third party service providers for smooth supply, transportation and timely delivery of our products to customers.
